# READ AND SAVE THESE INSTRUCTIONS

## ! WARNINGS

This product should be used only in accordance with the specifications outlined in this manual. Usage other than what has been specified here may result in serious injury.

When using electrical appliances, basic precautions should always be followed to reduce the risk of fire, electric shock and injury to persons, including the following:

- Read all instructions before using the product.
- To avoid fire or shock hazard, plug the appliance directly into a **correct** electrical outlet.
- To avoid fire or shock hazard, **DO NOT** pull, bend, distort and damage the power cord.
- **DO NOT** use the product if the power cord/power plug/power outlet is damaged.
- To protect against electrical hazards, **DO NOT** immerse in water or other liquids. Do not use the product near water.
- Children cannot recognize the hazards associated with the usage of electrical appliances. For this reason, always supervise children when they are near the unit.
- **DO NOT** touch the power cord with wet hands.
- Always unplug the air purifier before moving it, opening the grill, changing filters, cleaning or whenever the air purifier is not in use. Be sure to pull by the plug and not the cord.
- **NEVER** drop or insert any object into any openings.
- **DO NOT** cover cord with throw rugs, runners, or similar coverings.
- **DO NOT** use outdoors.
- **DO NOT** place anything on top of the unit.
- **NEVER** block the air openings, grills/outlets or place on a soft surface such as a bed or sofa, as this could cause the unit to tip over, blocking the air intake or outtake opening.
- **DO NOT** use gasoline, benzene, thinner, harsh cleaners, etc, on and/or in the unit while cleaning as they will damage the product. **NEVER** use alcohol or other solvents.
- **WARNING** - TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT USE THIS FAN WITH ANY SOLID-STATE SPEED CONTROL DEVICE.

### FOR USAGE

- **DO NOT** use the machine without filter in.
- **DO NOT** place the machine near heat sources such as heater, radiators, stoves and so on.
- To ensure the effect of purification, keep the air purifier around with a certain area to let wind go in and out.

# WARNINGS

Do not clean and reuse the composite filter; Please be careful when cleaning the machine. A strong corrosive detergent can damage the surface of the machine.

Only soft cloth can be used to clean the surface of the machine, otherwise the machine may be damaged or broken, and may cause sensor failure.

It is forbidden to wipe with alcohol or organic solvent, otherwise it will damage the product or cause electric shock, fire, etc.

When cleaning the machine or not using this machine, please disconnect the device power supply and wipe the dust or other matter of the power plug and power plug. Otherwise, it may cause electric shock or fire caused by short circuit.

## Installation
